# Financial Literacy Learning Tools for NDIS Self-Managers

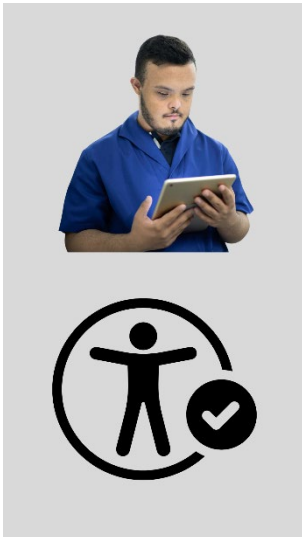

We made some new learning tools.

They help people with disability learn about money.

They are for people who want to self-manage their NDIS plan.

The learning tools are:

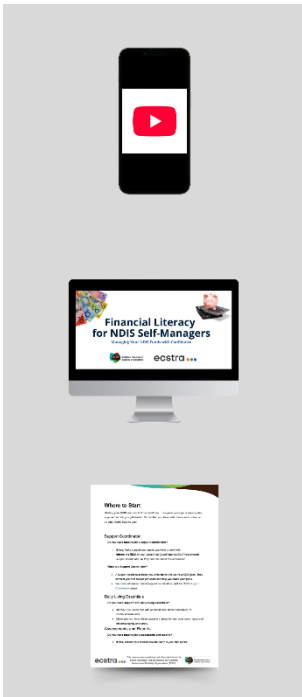

- Simple to read.
- Accessible for screen readers.

They help explain difficult information.

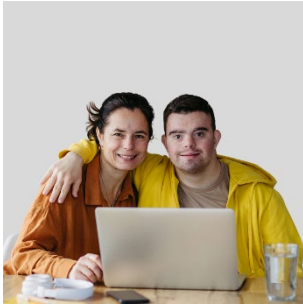

They were made with a group of people with disability.

There are:

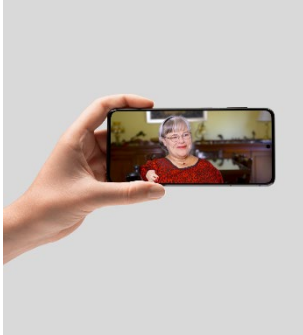

- videos
- an online course
- and fact sheets.

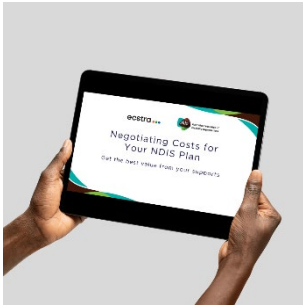

Short videos tell you about how to manage your NDIS funding.

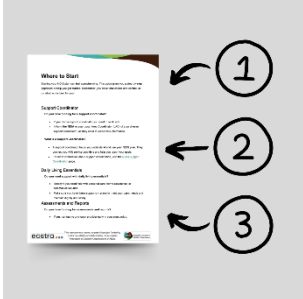

Some videos are in Auslan.

Other videos are made by people with disability.

You can watch the videos [here](#).

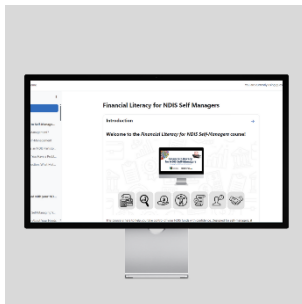

The fact sheets are simple guides.

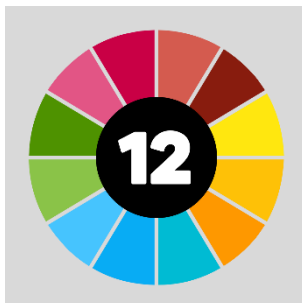

They tell you about how to look after your NDIS funds.

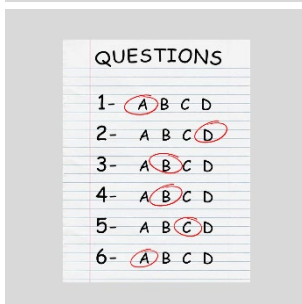

You can see the fact sheets [here](#).

The online course will help you learn more about money.

It has 12 parts.

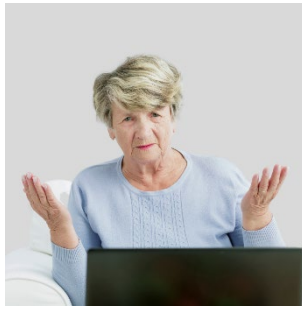

It has quizzes and questions to help test how much you know.

You can start the online course [here](#).

These learning tools are part of 'The ABCs of Self-Management'. You can find lots of useful tools on different topics [here](#).
